

Calling general contractors with experience in design-build

The Crowsnest Pass Golf & Country Club is committed to engaging the local work force during the golf course reconfiguration project. The construction of our world class golf course is well underway, and we look forward to starting the design and subsequent build of a clubhouse, maintenance building and concession/washroom building in 2018.

We are welcoming expressions of interest from local general contractors for the following contracts:

1. Design-Build Contract: 3600 ft² steel structured maintenance building with offices, washrooms and mezzanine.
2. Design-Build Contract: 800 ft² concession building on the golf course.
3. General Contracting: Engineered 6600 ft² clubhouse building with multiple levels, constructed with assorted materials and methods.

Expressions of interest must include a company resume including a list of relevant projects, accomplishments, and demonstrated commitment to using local materials and labour.

Please submit your expression of interest in the form of your company resume to:
projects@crowstpassgolfclub.com

Deadline for submissions is February 7, 2018. *Only those who meet the project criteria will be contacted.*

Thank you for your interest.
